RE: Letter of Appreciation

Dear John,

Thank you so very much for your OUTSTANDING help on a myriad of cases with Cleckner Law, P.A. Your advice and assistance was instrumental in multiple cases where we were able to get the charges reduced or completely dropped on serious felonies where our clients were not guilty of the charges filed by the State of Florida. Your assistance was also invaluable in those cases where we needed to convince our clients that taking a plea was in their best interests instead of proceeding to jury trial. Your hundreds of hours of hard work is greatly appreciated by both our clients and by us.

Your work on our Second Degree Murder case was extremely noteworthy, especially your insight into crime scene, DNA, ballistics and key witnesses in the case. Your assistance was instrumental in the murder charge being dropped to manslaughter and the possession of a firearm by a convicted felon being completely dropped. You also were instrumental in an aggravated assault being dropped because of the police video you were able to obtain in the case. These are just two examples of the hundreds and hundreds of hours you have spent supporting our clients and we really appreciate all of the outstanding investigative work you have done.

Because of all your outstanding support on our cases we have selected you as our 2014 Investigator of the Year and have enclosed a certificate for the award. Thank you for all your outstanding work!

Congratulations,

William J. Cleckner, Esquire
